Location

For all its breathtaking natural endowments, it is a wonder that the Si Kao region has managed to remain so appealingly low-key

Anantara Si Kao is set on serene Chang Lang Beach, just one hour from Krabi International Airport. Travel time from the airport to the resort is about the same as to most of the resorts in Krabi proper, yet the region around Si Kao has remained largely unchanged for centuries. Visit some of the finest beaches in Asia, many completely deserted, while exploring the over 45 pristine islands of Trang Province. Gain insight into the real Thailand as you get acquainted with the charms of a refreshingly un-commercial town.
